

# FlashCut CNC Newsletter - September 2021

## FLASHCUT CNC

CONTROL MADE SIMPLE

It's been a crazy year and we are excited to share with you our latest news. If you have any questions or comments please call us at 1-847-940-9305 or e-mail us at [sales@flashcutcnc.com](mailto:sales@flashcutcnc.com).

## Expanded Hi-Definition Plasma Support

### Hi-Definition Made Simple!

FlashCut CNC has full support for the following Hi-Definition Plasmas:

- Hypertherm XPR
- Hypertherm HPR
- Kjellberg Smart Focus
- Kjellberg HiFocus

Our intuitive interface is engineered for seamless access to all controls, commands and messages so you can cut accurate parts quickly and easily.

Our highly acclaimed [Smart360 Hole Cutting Technology](#) has been further refined and tailored for each Hi-Def plasma machine to cut the highest precision bolt-ready holes.

## We are Ready for Fabtech 2021!

There is no place like Chicago in the late summer! Come to our booth A5109 from Sept. 13-16 and see the latest and greatest in:

- CNC for Hi Definition Plasma
- CNC Pipe, Tube and Bevel Cutting
- The easiest and most powerful integrated CAD/CAM/CNC on the planet.

We will be showing off all of the above by designing, cutting and building a bike from scratch.

Note that you will need to scroll down to see them.

We also have more videos on our [Video Library](#).

## Bike to Work Day 2021 A Huge Success!

We had a fun time and perfect weather to support a great cause - Fill a Heart 4 Kids. We raised about \$4000! A huge thank you to all who participated and donated.

For more info about their efforts to build brighter futures for unaccompanied homeless youth, at risk, and foster children visit [www.fillaheart4kids.org](http://www.fillaheart4kids.org).
